

This is a Deep Akashic Record clearing on all levels. If anything in this clearing is meant to move you on in this lifetime at this time it will. I have been guided to direct the dragons to place all the lower energies that get released in this clearing into a vast crystal pyramid above the planet. From there the angels will take it to Helios the Great Central Sun where all the lower energies will be transmuted into higher light.

For this clearing my higher soul will be working with your higher soul so please give me permission for your highest and greatest good!

So let's get started –

Let's just get into you heart space – It's called Heart Math breathing. Breathe love into your heart for five seconds and then breathe love out to the world for 5 seconds. Let's do that for one minute or so together, and then I'll drop back in.

(after one minute or so – say)

Continue to breathe love into your hearts. From your heart, send your love down through the bottom of your body, into your legs, into the soles of your feet and all the way down into Mother Earth. All the way down into the core of Mother Earth.

Feeling your love, Mother Earth will send her love back up into the soles of your feet, into your legs, Your body and into your heart.

Now send your love up through the top of your body, out through your Crown Chakra, through the cosmos with your intention for your love to connect with the High Vibrational Positive.

Feeling your love the high vibrational positive will send its love back down through the cosmos, into your crown, through your body and into your hearts.

Just bask in with those three beautiful loves mixing in your heart.

Now create a sphere around the room you are sitting in.

Now create a spark of high vibrational energy and love in your physical heart.

Now expand that spark in your heart, making it bigger and bigger, expanding it out in all directions to the edges of the sphere. You are pushing away any dense energy, or low vibration. Keep expanding, keep pushing until you reach the edges of that bubble...

We have all grounded ourselves, attuned to the high vibrational positive and we have protected ourselves without help from other beings.

But let's do that now and in alignment and conjunction with the high vibration positive

“Dear God, the Holy Spirit and The Angelic Kingdom of light surround us all now with your protective light.

We ask to be connected with your Akashic Records, to receive the information and guidance that will best serve your highest good

Please allow you all to receive the highest healing and clearing available to you with regards to all alternative and past life times, right back to your soul's first incarnation.

The records are now open.”

Please close your eyes and breathe into your stomach, relax into this moment and know that you are held, safe, protected and loved so dearly.

Allow yourself to relax into your body. The Angels of love and light surround you now and clear away any dense energy or vibrations that are not serving you. Let's just stay here for a moment, breathe into your being deeply.

Feel your consciousness move down into your heart space. Now visualise a beautiful golden pathway ahead of you, you can see pretty meadow flowers, luscious green trees, you may even smell the flowers around, you can hear bumble bees, the birds singing. Just enjoy this loving and gentle space now, as you walk along the golden path of your life.

In the distance you can see a beautiful crystal building, it is emerald, tall and shining brightly, everything you ever need to know is inside this building, your sacred temple of knowledge and wisdom, the books of your life and the keys to your life.

This is your temple. As you walk towards your temple a door opens and you walk inside, this space is so full of love and light and you can see gold all around you, you are greeted by your Akashic master your guide, stand before them now and allow your hearts to connect, you will feel the frequency between your hearts creating a beautiful connection.

Your guide has a message for you now, it may be a word or phrase or an image, allow this message to be given to you now.

Now, set your intentions as to what you would like to clear. This clearing will cover most things but make it clear to your higher self what you would like gone from your life, hence clearing from your Akashic Records.

So now we move on to removing all soul contracts that no longer serve you, with people who are alive or passed on. Most people have relationships with their blood family, ex partners, ex friends or present friends or family, that when you think of them, you may have quite low vibration emotions or thoughts about them, maybe anxiety or fear. In most cases you have been bringing this through in many different life times with them. It does not mean you have always been the victim as we have all been the perpetrators, even though this may be uncomfortable to know. But if the universe allows these contracts to be cleared then it is time to let go of them and step into your power with these people and soul contracts, so they no longer have any kind of negative effect on you.

Please think about those people in your life that you may have these feelings about. there is no judgement, it's just about you moving into your power so these soul contracts are no longer a restrictive energy on you.

We will first be instructing your higher soul to remove those particular contracts and then we will clear all soul contracts no longer serving you.

Let's get started.....

Between you and those souls you are thinking about .. I ask for the soul contracts to be cleared from the earliest incarnation you were together. Under the law of grace and the law of one for the highest good of all.

Please delete/release/clear any soul contract between you.

Clear any negative aspects from the soul contracts. Clear any contracts that need to be cleared. Please clear any energies that prevent them from moving forward.

If you are holding any energies or soul fragments of those people ..send them back to them cleared, cleansed and pure .. and send them with love.

If they are holding any energies or soul fragments or yours, recall them back to you cleared, cleansed and pure .. and recall them with love.

Pause.

Now to all remaining soul contracts that no longer serve you.

Between you and all the souls where the soul contracts no longer serve you. I ask for the soul contracts to be cleared from the earliest incarnation you were together. Under the law of grace and the law of one for the highest good of all ...

Please delete/release/clear any soul contracts between you.

Clear any negative aspects from those soul contracts. Clear any contracts that need to be cleared. Please clear any energies that prevent them from moving forward.

If you are holding any energies or soul fragments of those people, you may not know who they are.. send their energies and soul fragments back to them cleared, cleansed and pure .. and send them with love.

If they are holding any energies or soul fragments or yours, recall them back to you cleared, cleansed and pure .. and recall them with love.

Pause

Let's move on to;

Please assist you in disavowing these vows and agreements so they are no longer a restricting device on you. I ask that all restrictions be lifted and eliminated so that you can expand and align with your highest path and purpose.

- Delete, sever and make null and void at root cause any promises, contracts, vows, oaths, spells, pacts, bindings, or agreements between you and all entities causing interference.

Release you from all judgments, pain, and guilt associated with creating or participating in these agreements, transmuting the discord to love before releasing.

Remove all lower emotions, some of these words may not resonate with you immediately but let's cover it, as we have many levels.. So under the law of one, law of grace remove an anger, hatred, anxiety, worries, sadness, depression, laziness, grief, hopelessness, procrastination, need for attention, addiction, blame, shame, guilt, judgement, envy, jealousy, greed, lack of self-esteem, all fear, all negative lower emotions.
